

## FRANCE IN A FEVER; BLOOD MAY FLOW

MOVE OF IMPORTANCE WILL  
BE MADE.

**Warlike Rumors Flying About Paris—Stirring Debate in the Chambers Expected—Russia Protests—Massacres in Matabele Land—Two Governments May Form a Combination.**

Paris, March 30.—The political world of France is again in a highly perturbed condition and there are indications going to show that the government seeks to retrace some of the steps by which it has been placed in the position of impotent acquiescence in the dispatch of an Egyptian expedition up the Nile and the defraying of the expenses of it out of the Egyptian debt surplus.

The government will be interpellated in the chamber of deputies Monday, and the ministry will be under the necessity of making some kind of statement in reply. An important debate is expected to result, and there is a feeling in some quarters that far-reaching changes of policy may be announced.

The air is electric with expectation and numerous rumors are current of grave things that are in contemplation. Among those which are circumstantially formulated are that the resignation of M. Berthelot as minister of foreign affairs announced Saturday was connected with the wish of M. Bourgeois, the premier, to recall Baron de Courcel, the French ambassador in London; that France's naval reserve squadron has been ordered to be placed upon a war footing and that France and Russia will convene a European conference to discuss the powers of the Egyptian debt commission to act against the vote of a minority of the powers guaranteeing the debt and to discuss also the evacuation of Egypt.

There is a growing feeling among Frenchmen that the entente between Great Britain and the drelbund as a whole is not as cordial as it was believed it was when the Nile expedition was first announced. The signs of the unreconciled attitude of Germany toward Great Britain have been keenly noted in France for two weeks past, and the conviction has grown that Germany, though glad to avail herself of Great Britain's assistance to her ally, Italy, will not take a more lenient view on that account or any other forward movements by Great Britain. Whether the disturbed condition of affairs in South Africa gives France a hope that there will be inserted the wedge to break asunder again the newly-formed friendship of Great Britain and Germany is a matter of surmise. But that France regards the alliance of Great Britain with the drelbund as less formidable because less well assured is evident from many things.

How far the French ministry will resume the stiff attitude of protest against the Nile expedition, adopted in M. Berthelot's report of his communication to Lord Dufferin when the expedition was first announced and subsequently softened in face of the outbreak of unbridled French patriotism, is the question of first interest in Paris.

### MASSACRED BY NATIVES.

**Matabeleland the Scene of Savage Warfare—Many Whites Killed.**

Bulawayo, Matabele, March 30.—Capt. Gifford, leading a rescue force, left here Thursday and succeeded in rescuing thirty-eight whites who had gone into laager at Inseza. This was not effected until after repelling an attack by a force of well-armed Matabeles and inflicting upon them a heavy loss. The loss suffered by Gifford's force in the engagement was one killed and six wounded.

Capt. Spreckley, who repulsed a strong force of Matabeles Thursday, inflicting a heavy loss upon them, has returned to Bulawayo, bringing with them a large number of prisoners. He brings the intelligence that all the whites in the district have been massacred by the natives. The corpses of those killed were horribly mutilated and their faces were burned almost beyond recognition.

The native police, who are known to have incited the uprising, have been disarmed and several Matabele spies have been arrested.

A family of eight persons have been brutally murdered and two prospectors are missing in the country near here.

The enemy is reported to be massing only thirty miles distant from here and the keenest anxiety is felt at the outlook and an attack upon the town is now hourly expected.

Mefeking, Cape Colony, March 30.—Five thousand pounds of arms and ammunition have been dispatched from here to Bulawayo under the escort of the Bechuanaland police.

There is the keenest anxiety throughout the Transvaal as to the fate of the unprotected Boers and their families in Matabeleland. Many burghers are requesting the government to grant them permission to go to the assistance of their threatened countrymen.

### Russia Joins the Protest.

St. Petersburg, March 30.—The Russian newspapers are unanimous in opposing England's claim to employ the reserve of the Egyptian debt to pay the expenses of the Sudan expedition. This is necessarily an accurate reflection of the views of the government. The understanding with France on all

aspects of the Egyptian question is most complete.

Both governments are now seriously considering the adoption of a common political attitude in order to formally establish their opposition to a prolonged occupation of Egypt and thus to pave the way for effecting co-operation to secure the evacuation of Egypt as soon as circumstances will permit.

### FROM GENERAL WEYLER.

**Captain General of Cuba Talks of American Statesman.**

New York, March 30.—Capt. Gen. Weyler said last night:

"I have all along had confidence in the sober, practical nature of North American people. I realize that in a country where the people constitute the government freedom of speech is natural, even if carried to the extent of license rather than of liberty.

"As regards myself, I care nothing except that I naturally do not wish the world at large to believe me to be a different person from the one I really am. The assaults made on me personally were false, one and all, as I have read them. The eminent senators who made them had listened to false tongues and they had perused false books. With the disseminating of true information I believe the senators recognized their mistake.

"I certainly have no unkind feeling in consequence of the attacks on myself, but I do regret the unjustifiable affronts offered my country. Spain fulfills all of her treaty obligations readily and goes further than to stand on the letter of the international agreement. American citizens in Spain, and especially in Cuba, obtain more privileges than Spanish subjects, even though many of the so-called American citizens whom we recognize have no moral right to the title.

"The fact is apparent that Spain is acting in the most friendly manner toward the North American republic. It is not strange the Spaniards should expect a similar spirit to be displayed by the American people."

### INDIGNATION IN SPAIN.

**Angry at Conference Committee's Agreement on Cuban Resolutions.**

Madrid, March 30.—The news that the conference committee of the United States congress has agreed upon the senate resolution granting belligerent rights to the Cubans caused a sensation in Madrid. The very angry comments of the people are echoed in the press, which again declares that the sooner America defines her intentions the better for all concerned. The newspapers say the ministers showed yesterday less optimism and intimated that they are pushing naval and military preparations and have instructed Gen. Weyler to act energetically before the rainy season begins in May.

**American Minister Prevented Outrages.**

San Francisco, March 30.—Advices from Seoul say the American minister has frequently advised the new Korean cabinet to refrain from committing atrocious cruelties. Despite this advice, the latter actively set about the task of arresting those regarded as the partisans of Tai Won Jun and Japan, and was going to execute eight men who had been arrested. Thereupon the American minister declared he would pull down his flag and withdraw from the country unless those persecuted were more leniently treated. The cabinet was forced to suspend the arrests and the eight prisoners are likely to be spared.

### Says Cleveland Does Not Want It.

Boston, Mass., March 30.—Congressman A. S. Berry, of Kentucky, who is a member of the congressional delegation which is inspecting Boston harbor, said: "I can say very positively that President Cleveland is not in the race at all. I have good reason to know that when the time comes he will announce that fact to the public. In fact, a paper of such nature was prepared by him some time ago, but at the request of the national committee, who felt that that was not the most opportune time for it to be given out, he consented to withhold it for a time."

### Begins Suit for Millions.

New York, March 30.—The American Grocer Company, in its own behalf and that of other creditors of the United States & Brazil Steamship Company, has begun a suit for \$3,500,000 against Collis P. Huntington, George W. Williams, Charles R. Flint, consul to Costa Rica, and other directors of the company. The complaint charges that the directors increased the company's indebtedness to \$3,500,000, while its capital stock was only \$1,000,000. The courts annulled the company's charter on August 17, 1894, and appointed a receiver, who could only realize \$2,400.

### To Stop Tipping.

At one of the up-town hotels in New York the landlord has taken a decided stand against the obnoxious "tipping" system. On the first of the month the wages of the waiters were advanced 40 per cent, the object being to abolish, if possible, the system of tipping waiters, so detrimental alike to patrons and management. Notice of the increase, with an explanation of the object, has been printed on the back of the menu cards.

### Steamship Eight Days Overdue.

New York, March 30.—The steamship Volusia is now eight days overdue from Kingston, Jamaica, and shipping men fear that she has foundered at sea. She carried a crew of fifteen men and a cargo of fruit.

## FIEND TAKES LIVES NEAR AKRON, OHIO

AN AGED COUPLE ARE ASSASSINATED.

**A Farmer and His Wife are Killed, While Two Daughters and the Hired Man are Seriously Injured—Murder in Cass County—Wife Kills Her Husband.**

Akron, O., March 30.—At an early hour Sunday morning a double murder was committed on a farm seven miles east of this city. Alvin N. Stone, aged 68, and his wife, Serena, aged 63, are the victims, and Ira Stillson, the hired man, is fatally injured. Two daughters are seriously injured, while a third daughter is the only one of the household who escaped the assassin's blows.

The crime was committed about 1 o'clock by an unknown man wearing a mask. He effected an entrance through a second-story window, and went to the room of Mr. and Mrs. Stone on the first floor. With some instrument, evidently a hatchet, he killed the aged couple, striking them repeatedly on the head. Going upstairs he attacked Stillson, knocking him unconscious. Returning to the room of the aged couple, he mutilated the body of the old man. He cut a deep gash in the throat, severed both ears, mutilated the face, slashed the body and limbs and wound up with stabbing the man to the heart. He also cut a gash on Mrs. Stone's face.

Going again upstairs the assassin entered the room of Emma Stone. She awoke and screamed, thus arousing her sisters. Hattie started to her sister's room, but was knocked down with a blow on the head, but fortunately was not rendered unconscious. Regaining her feet she ran to her own room and locked the door. Throwing a bed quilt about her she leaped from the window and ran through the rain and mud to the nearest neighbors. After he had struck Hattie down the murderer returned to Emma's room and struck her on the head, leaving her unconscious. Then he tried the door of the room in which Hattie had left her younger sister, Flora, when she jumped from the window. Finding the door locked, he battered it down. Finding only Flora in the room he asked where the other girl was. When told that she had gone for help he hastily left the house and made his escape.

Hattie, with the blood streaming from the wound in her head, managed to reach the neighbor's house, told her story and then fainted. After she had been put to bed the neighbor, calling for help, went to the Stone house. There the evidences of the butchery were discovered. The only person in the house who was able to speak was Flora Stone, aged 16, and she was so badly frightened that she could tell nothing about the murder except that the man who committed it wore a mask over his face.

The crime is a mystery. There is no possible motive for the murders so far as can be learned. Certainly the murderer was not bent on robbery, for in a bureau drawer in Mr. Stone's room were two gold watches and some money and nothing had been taken apparently.

The sheriff of Summit county was called to the scene of the murder and with a posse of men has been searching for clues to the murderer. Nothing has been discovered. One man has been found who says he saw a buggy pass his house late Sunday night, going in the direction of the Stone house, and the same horse is believed to have been found in the streets of Kent, a few miles east of Tallmadge, Monday morning. Ira Stillson, the hired man, and Emma and Hattie Stone have not yet recovered consciousness, and it is feared that Stillson at least will die.

### Stepson's Awful Crime.

Jacksonville, Ill., March 30.—For a long time trouble has existed between Conrad Becker, a German farmer, who lived near Arenzville, this county, and his stepson William. The trouble ended Saturday afternoon, when the son killed the father and then took his own life.

The father had a favorable lease for ninety-nine years on a lot of school land, on which he had made a good deal of money. Seven years ago he leased a farm to his son for five years, but at the end of the lease no papers were drawn, though William stayed on the farm according to a verbal agreement which he claimed existed for another five years. Last year the father concluded to take his farm again. This angered him, and Saturday afternoon he took a rifle and sought the home of his father and found him in the barn. Calling him out he leveled the rifle at him and sent a bullet through the old man's back. A second shot penetrated the victim's heart, and a third entered his bowels. He fell dead. A posse was at once raised and started in pursuit, and the son was found on the bank of Indian creek with a bullet through his brain.

### Husband Killed by Wife.

Springfield, O., March 30.—A horrible tragedy occurred Sunday afternoon at the home of Arthur Wilson. Mrs. Maggie Wilson deliberately murdered her husband by shooting him in the back of the head. The crime was the result of an altercation over a trunk belonging to Mrs. Jessie Blair.

## BIG NEW YORK FIRE IS FATAL TO FOUR

DISASTER IN A TENEMENT HOUSE.

**Fireman Walsh Killed While Attempting the Rescue of Imprisoned Inmates of the Building—Weston, W. V., Visited By a Disastrous Blaze.**

New York, March 30.—Four persons were killed and two injured in a fire which started early Sunday morning in the three-story business and tenement building, 374 Hudson street.

The dead are: THOMAS MALLOY, 23 years old, a fireman on the steamship St. Louis; suffocated.

ARCHIBALD GROGAN, 35 years old, a waiter; suffocated.

MARY M'MAHON, single, 22 years old; suffocated.

MARGARET RYAN, single, 60 years old; died on the way to the hospital from injuries received by jumping from a window.

The injured are: Kate Higgins, 35 years old; leg fractured by falling.

Edward Walsh, 29 years old, fireman; internally hurt by falling from a ladder.

It was in the apartments of the McManus family that the fire originated, so far as the police and the firemen are able to determine. Nicholas McManus, one of the sons, who slept in one of the back rooms, was awakened by the smell of smoke. He turned in an alarm and awakened the tenants. It was apparent that the lives of many were in danger, for the smoke had permeated every part of the house, and the flames were burning briskly. All of the McManuses were able to make their way down the stairs to the street before escape in that direction was cut off by the flames. Nicholas McManus succeeded in helping several persons out by leading them down the stairs through the blinding smoke in the hallway.

It was among the tenants on the top floor that the chief danger lay. Some of them ran to the roof and escaped in that direction, but others sought to get down by the stairway.

Miss Margaret Ryan and Miss Kate Higgins, on being awakened, ran to the front windows on the third floor. The firemen had already arrived, and ladders had been placed on the front side of the house to help take out the tenants. On one of these ladders was Fireman Walsh. As he was ascending a burst of flame and smoke shot out of one of the windows and he was sent reeling to the street. As Walsh fell Miss Ryan leaped from the window to the sidewalk, and Miss Higgins, apparently partly overcome by the smoke in the rooms above, fell to the ground at almost the same time. An ambulance was sent for, but Miss Ryan was unconscious when placed in the conveyance and died before the hospital was reached. Walsh was taken to the hospital at the same time. He is badly but probably not dangerously hurt.

After the flames had been extinguished a search of the building was made and the bodies of Thomas Malloy, Archibald Grogan and Mary McManus were found. All of the persons found dead had been suffocated before they were able to escape.

How the fire originated cannot be determined until a thorough investigation is made. The property loss will not exceed \$15,000.

### BUSINESS PORTION DESTROYED.

**Blaze at Weston, W. Va., Inflicts Heavy Loss.**

Wheeling, W. Va., March 30.—The fire which broke out in the business portion of Weston, this state, shortly after midnight Sunday morning destroyed property to the value of \$150,000, only about one-third of which is covered by insurance. The property burned was about one-half the business portion of the town, which is the seat of the state hospital for the insane.

During the fire a suspension bridge which spans the West Fork river connecting the hospital with the town gave way with a crowd. A number of persons were injured in the fall, the most seriously hurt being Deputy Sheriff William Wodell and Henry Fisher. J. S. Mitchell was fatally hurt by a falling wall. Weston has no fire department, and it was not until a heavy rain came up to assist them that the bucket brigade was successful in getting the flames under control.

### Clever Mr. Sexton.

Mr. Sexton is one of the most interesting figures in the English house of commons. He is a powerful debater and is possessed of remarkable resources in the line of eloquence. He is a brilliant mathematician, and his ability to use statistics in a telling way is one of his most valuable qualities. In private conversation he is even more sparkling than in debate. He is witty, epigrammatic and sympathetic. He is a great Shakespearean scholar.

### Chinese Soldiers Killed.

San Francisco, March 28.—Three hundred Chinese were blown to atoms by the explosion of a magazine attached to the fort at Kiang, China, February 2. The disaster was the work of mutinous soldiers, who were preparing to join secret-society rebels in the attack on the adjacent town, but whether through carelessness or by intention is not known.

### No Bicycle Tax There.

Two months ago the city council of Anderson, Ind., passed an ordinance taxing all kinds of vehicles from \$1 to \$20. The vehicle owners, however, made it so uncomfortable for the advocates of the new law that the same was repealed this week.

### THE HONEST TURKS.

**Valuable Diamond Ring That Worked Its Way Up From the Ranks.**

The following is a characteristic anecdote, says the Blackburn Standard: When the batteries of the Ingour were taken, the first soldier who entered, perceiving a Russian colonel lying dead upon the ground, plucked off his glove and appropriated a valuable diamond ring which was upon his finger. Knowing, however, that it would be impossible very long to keep secret the possession of so valuable a prize he showed his ushahi or captain his treasure and requested permission to keep it. The soldier, not satisfied with this arrangement, referred the matter to the bim bashi, or major, who said that both he and the ushahi were highly culpable in daring to retain the ring from their superior officer, and that he would therefore relieve them of the subject of the dispute.

From the bim bashi the soldier went to the kaima kama, or lieutenant-colonel, who at once followed the example of his inferiors, and took possession of the ring. The soldier still persevered, however, and went to the meer ali (colonel), who determined that he was the rightful possessor of the ring by virtue of his rank and dismissed the rival claimants from his presence in the most summary manner.

Next day a French officer attached to the staff of Omar Pasha observed a private soldier prowling near the tent of the commander-in-chief. The story of the ring was at once retailed by its original possessor to this gentleman, who laid the matter before his highness, and the man had not only the satisfaction of regaining possession of his property, but of knowing that those who had attempted successively to deprive him of it had been severely reprimanded for their conduct.

### SOMETHING NEW TO COLLECT.

**Impressionistic Menus Are Now All the Rage in Paris.**

We have had the craze for Parisian "affiches" or posters and now comes word that the fad of the hour in the gay city is to have the menu cards painted in some fantastic manner by impressionist artists, says the Newark Advertiser. A bundle of these menu cards was sent to me the other day by a friend in Paris, with a letter of explanation.

"These cards," wrote she, "are seen at all the swell dinners given here now and the hostess seems to go to the greatest pains to select novel and fantastic designs. Some of the most celebrated artists have painted the originals, which, of course, are only used by very rich people, and there are many varieties that are simply lithographed in colors—these are in the reach of every one—hence their hold on popular favor.

The cards are made of cardboard and in size are four inches by six. The figures are painted and printed in gay colors and have that queer impressionistic dash about them that made the affiches so fascinating. Grasset, Cheret and Willette, the famous artists, have designed to give their time and talent to designing these menu cards, which, in many cases, are genuine works of art. One that is particularly striking pictures a damsel in a black gown flying through the air (revealing the edges of many frilled and Frenchy petticoats) and bearing an hilarious looking scroll with an inscription in doggerel Latin. Another shows a Pantafoon fishing in a bottomless pit; he has just succeeded in entangling Satan, who has been having a convivial time with wine and cards.

### Factory to Employ Ex-Convicts.

A factory for ex-convicts will be planted in Chicago if plans put in motion by the bureau of charities of the Civic Federation are carried into effect. The proposition is that the work of the Illinois Industrial association shall be taken up in a larger way. The association has conducted a broom factory in which convicts were employed. It has been a failure. It proposed that an organization be formed to take charge of this factory as a philanthropic and charitable institution. It will be run whether it pays or not.—Chicago Exchange.

### Hurrah for Sweden.

There is a town on the Upper Snake river in Idaho called New Sweden. Hans Hansen is mayor of the town, Peter Peterson is clerk and the common council is composed of Peter Hansen, Hans Peterson, Peter Hans Peterson, Hans Peter Hansen and Peter Hansen Hans Petersen. No relationship exists among these men.—Ex.

### Novel Stroke of Enterprise.

Last Christmas a San Francisco newspaper gave a silver cup to every child born on the Pacific coast on that day. The offer was not made until some three weeks before Christmas. The Ledger of Mexico, Mo., now announces that it will give a silver cup to every child born in the county next Christmas week.

### An Undeserved Kindness.

"You are not to hang!" shouted the messenger, bursting into the prisoner's cell and smiling brightly at the same time.

"Aw!" said the heretofore condemned one. "That is no noose to me."

The messenger wept bitterly that he had not delayed his coming until after the execution.

**He Had Been Dangerously Ill For Some Time With Appendicitis and it Was Known That He Could Not Live—Manitowoc Pioneer Commits Suicide.**

Berlin, Wis., March 30.—[Special]—Ex-Senator George Fitch, who has been very ill with appendicitis, died this morning. There has been but little hope of his recovery for some time.

Manitowoc, Wis., March 30.—[Special]—Nick Ley, an old resident of this city, committed suicide today by drowning himself in the river. He was supposed to be suffering with a mental trouble.

### GIVES RUSSIA A FOOTHOLD.

**Extraordinary Rights Allowed the Czar in China.**

San Francisco, Cal., March 30.—The North China Daily News prints what is said to be a translation of a secret treaty entered into between Russia and China.

The treaty allows Russia to use any of the harbors along the coast of China, to mobilize fleets therein, buy coal and supplies, recruit forces in Chinese territory, buy horses, hire coolies, etc. Russia is to have the use of Port Arthur as a winter harbor, but if complications with other powers should arise Russia may use any other ports on the coasts of Kiang Su and Che Kiang. In return Russia is to help China in case of war with other powers. If Russia and Japan should come to blows Russia is given permission to attack the western frontiers of Korea by way of the Yalu river. China will open her markets to the sale of Russian goods and Russia will lend several hundred officers to drill about 100,000 Chinese troops. This treaty is taken seriously by the Japanese papers and is believed to be authentic.

### OUR NEW BATTLESHIP.

**Miss Mary Lord Drake Christens the Iowa at Philadelphia.**

Philadelphia, Pa., March 30.—The Iowa, the fourth and last of the first-class battleships authorized by congress several years ago, was launched at Cramp's shipyard Saturday amid enthusiastic cheers of thousands of spectators. When she slipped from her cradle and dipped her virgin keel in the waters of the Delaware, Uncle Sam's new navy received the most powerful fighting vessel afloat.

Miss Mary Lord Drake, daughter of the governor of Iowa, named the big naval baby. When Miss Drake christened the ship her father stood beside her and near at hand were the members of his staff and a party of other distinguished Iowans. Secretary of the Navy Herbert was there, with prominent attaches of his office, and so were the chiefs of the different naval bureaus in Washington and members of the house and senate committees on naval affairs. Governor Hastings represented Pennsylvania and Mayor Warwick Philadelphia.

### Illinois State Convention.

Chicago, Mar. 30.—Democratic managers have about decided to hold their state convention at Peoria. A change has been made in the plans of the party leaders and instead of postponing the call two months or more, it is probable the state committee will meet in Chicago in April and issue the official call, fixing the time and place of the convention. At a recent meeting of the state committee fifteen of the twenty-three members favored Peoria.

### Will Fight Tax Decision.

San Francisco, March 30.—The Southern Pacific Railroad Company is said to be preparing to ask a rehearing before the United States Supreme Court in the suit in which the right of the State of California to tax the franchise of the Southern and Central Pacific roads was last week affirmed. The effect of the decision was to compel these two roads to pay to the state in taxes for the year 1887 the sum of \$750,000.

### Startling News from Cuba.

Muncie, Ind., March 30.—Mr. S. C. Cowin has received a startling letter from a relative in Cuba. The writer says the situation there is growing intolerable. All Cubans living in the country are being put to death; General Weyler is false to insurgents and will shoot a Cuban without a moment's warning. Many are joining the army, for to remain at home is certain death.

### Japanese General at San Francisco.

San Francisco, Cal., March 30.—Among the passengers on the steamer Coptic, which arrived last night from Yokohama and Hong Kong, was Field Marshal Marquis Yamagata, who commanded the Japanese forces during the war with China. Gen. Yamagata is on his way to Moscow to attend the coronation of the czar as the representative of Japan.

We have broken the record of all previous attempts by placing the Lyonettes on the market for five cents.

## SOME THINGS THAT WERE SAID IN THE JANESVILLE CHURCHES.

IN the interest of good citizenship Janesville folks crowded the Congregational church last night. The meeting was held under the auspices of the Good Citizenship committee of the Epworth League and Christian Endeavor societies. Judge M. M. Phelps presided and prayer was offered by Prof. Whitney of Beloit college. Rev. R. K. Manaton of the First M. E. church read the Scripture lesson. Rev. S. P. Wilder, Rev. Sabin Halsey and A. E. Matheson were the speakers of the evening. Mr. Wilder expressed regret that several prominent citizens who had been on the programme had not shown their sympathy with the work by appearing on the platform. He attacked the policy of choosing city officers on party lines, saying it was as foolish as to choose a factory superintendent on party lines. Another point he dwelt on was the report that Janesville had more gambling houses than any place of its size in the northwest. In concluding he said:

"It is time to make every man realize that only character can commend him to the ballots of his fellow men."

Dr. Halsey spoke of the importance of education in the American governmental scheme. Assuming that the state exists for itself, a liberal education is one of the best possible objects of outlay. For thinking men and women this is the best government in existence; for ignorant men it is the worst.

A. E. Matheson based his argument for Sunday observance on broad grounds—economical, physical and moral. He made a telling address.

Applause punctuated all three of the speeches, and at the close the audience gave vent to its feelings in a vigorous rendering of "America."

"Some Reflections After a Year's Life in Janesville" was Rev. V. E. Southworth's theme at All Souls church yesterday. He said in part: "This is the first Sunday of my second year as your pastor and I cannot restrain myself from summing up shortly some of the impressions which this first year in Janesville has brought to me. First of all I want to assure you that our life together as pastor and people has been for me, at least, as pleasant as I had ever dreamed such a life could be. I am not conscious of any discordant note in our church life. If there has been anything at all by which the sweetness and kindness of our life together has been disturbed, it has not come to my notice. I have received no least indication of vexation or dissatisfaction. If any prevails it has been wisely hidden. I think it would be hard to find a church where so close and helpful a spirit of unity prevails as among us. We have demonstrated and will continue to demonstrate the fact that it is possible to exercise the largest liberty of thought and expression without disturbing in the least the comradeship and sympathy of true friends and fellow workers. It is a fact with us at least that men and women can unite for the promotion of goodness and the pursuit of truth without blinding one another in solemn compact to all think and practice the same thing. In the whole world today, I doubt very much, if you could find a more heterogeneous company of thinkers than come together Sunday after Sunday in this room. We do not agree upon any theological doctrine. There is the widest disagreement in many cases. We have among us out and out conservatives and out and out radicals, out and out spiritualists, and out and out materialists. We have Universalists and Unitarians. We have those who are members in good standing and who are entitled to recognition in the Baptist, Methodist and Episcopal churches. Truly we are intellectually free. No one is responsible for the opinions of his neighbors. Each of us is given the greatest freedom of thought and expression.

"But in spite of this we live and work together for the common good in perfect peace and friendliness. For myself I can assure you that it is a pleasure to find that you have a mind of your own and are not afraid to use it. It is a pleasure to listen to the objections and criticisms which are made in conversation class and elsewhere upon my own ideas as expressed in the lectures. I have found you always courteous and kindly. I cannot recollect one hasty or unfriendly expression of disagreement.

"Why is it that we are so different in our opinions, and so united in the

spirit of our work? What holds us together? What keeps us from howling "infidel" and "heretic" at each other? I hardly know unless it is because we have formed the religion that you can't quarrel about, we have learned to regard characters and conduct as of more value than confessions of faith and the sacraments.

"Whatever the reason may be, if this is not the reason, it is a fact that upon the great theological questions we do most diametrically disagree, many of us, and yet, our disagreement seems never in the least to embarrass the practical work of the church, or to embitter our social life.

"One of my most satisfactory reflections at the close of my first year among you is this that we have demonstrated by our life that unity of spirit and freedom of thought are not antagonistic. The greater the freedom the closer the unity.

"I prophesy that this experience will continue. That before long the city of Janesville will appreciate the value of a religious organization which is generous enough and religious enough, which cares enough for truth and character, that it makes a helpful unity of all sorts of and conditions of people a possibility. While the ecclesiastical organizations, the strictly theological institutions of our city continue to try to maintain themselves in their separateness, we will throw open to the unchurched multitude a door into a fellowship so friendly that all differences of creed can be ignored for the sake of our common life."

Galusha Anderson, BAPTIST. D. D. of Chicago, occupied the pulpit of the Baptist church yesterday. "Let Thine Eyes Look Straight On, and Let Thine Eyelids Look Straight Before Thee"—Prov. 4:25, was his morning text. He laid down and clearly demonstrated three propositions: That a firm adherence to Christian principles is identical with man's highest interests; that it builds Christian character; that it is the greatest influence for good. The large audience and close attention of the services showed the warm place the venerable pastor occupies in the hearts of his former congregation.

The Ladies Aid Society will meet for work in the church parlors Friday. "Things That Keep Us From God," was the subject of the young people's meeting in the evening, led by N. Dearborn, who presented in a vivid manner the dangers that beset the path of the young.

The monthly business meeting of the Y. P. S. O. E. will be held at the close of prayer meeting Thursday evening.

"This is 'Holy Week,' and services will be held each day at the Episcopal churches. At Christ church the week was inaugurated this morning at 9 o'clock, and future services will be held as follows:

This Opportunity Should Not Be Lost.

The world is filled with suffering people who can't seem to get well or find out what their trouble is. Such people oftentimes cannot afford the time or expense of a trip to the city, or the large fees charged by the best physicians. It is for just these people that Dr. Greene, of 35 West 14th street, New York City, who is without doubt the most successful specialist in curing nervous and chronic diseases, makes the following extraordinary offer. He invites you all to write him about your complaints, tell him how you feel and all the symptom of your case, and he will answer your letter free of charge explaining the meaning of every symptom, telling just what your trouble is and how to get cured. He makes the most careful study of every letter and his explanations are so clear that you understand exactly what ails you. And it costs you nothing. He makes a specialty of treating patients through letter correspondence and it has proved a perfect success. He is the discoverer of that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy, and has discovered many other valuable remedies. Probably you, reader, have some complaint which you would like explained and cured, and if you will accept this offer and write this successful specialist about it, you will undoubtedly be made strong and well.

## DR. ANDERSON DID GOOD WORK

Changed the Opinion of Many Who Believed in Slavery.

Dr. Galusha Anderson who preached at the Baptist church yesterday was one of the most effective preachers during the war. He preached in this city in '57 and '58 and went direct from here to St. Louis where he remained and preached during the fearful years of '60 and '61 and his powerful speeches during those early days did much towards changing the opinion of hundreds of southern people who at that time believed in slavery.

## TEN DOLLAR BILL FOR THE BEST AD

GAZETTE'S APRIL OFFER TO ITS FRIENDS.

The Person Who Comes Nearest to Picking Out the Best Ad From The Gazette Each Day in April Will Be Presented With a Crisp Green-back.

A ten dollar bill—crisp and fresh—hangs in a frame, in the Gazette office. What is it for? Just this.

In every issue of The Gazette there appear a good many pretty good ads and a good many pretty poor ones. The good ones bring profit to the advertiser and cause his face to be wreathed with smiles. The poor ads cost just as much, but produce less result, and induce a loss of faith in the value of advertising. This is all wrong!

We want more GOOD advertisements.

The way to make a good advertisement is to try to make a good one—try hard.

To encourage good advertising The Gazette inaugurates this friendly contest.

The \$10 bill goes to the reader who selects the best display ads that appear in The Gazette during April—one each day.

These are the conditions:

One display ad. is to be clipped from each issue of the Daily Gazette for April and marked with voter's name and the date of issue.

The bunch of advertisements—one from each issue in April—are to be mailed to the Gazette before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they chose.

The best ad. for each day will be determined by counting the ballots sent in at the end of the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not reading notices or locals.

Size, the typographical beauty and verbal cleverness are not the essential qualities. The "best ad" under the terms of this contract, is the one that seems likely to draw the most business. No matter if the wording be clumsy and the typography poor, the ad. that brings results, is the best ad. the world over.

The ad. that makes a hundred people say "That's a fine ad" is good, but the ad. that makes a dozen people buy, is better.

Read these conditions carefully, subscribers and non-subscribers, and get your scissors ready.

HAVE you seen the many styles in tan shoes we are showing? A. Richardson Shoe Co.

## DEMOCRATS PUT UP THEIR CITY TICKET

CONVENTION WAS HELD ON SATURDAY NIGHT.

F. C. Haselton Named For City Treasurer, H. McElroy For Attorney, P. J. Mount For School Commissioner, John Harvey for Street Commissioner and J. J. Cunningham for Justice.

For City Treasurer.....F. C. HASELTON  
For City Attorney.....H. MCELROY  
For Street Commissioner.....JOHN HARVEY  
For Justice of Peace, JOHN CUNNINGHAM  
For School Com't-at-Large.....P. J. MOUNT

That is the democratic ticket. F. C. Haselton declined the nomination at the convention, but the delegates would not listen.

John J. Cunningham, of the firm of Mahoney & Cunningham positively declines to make the race for justice of the peace.

The convention was held at the council chamber Saturday evening. F. C. Burpee was chairman and P. J. Mount, secretary. Isaac Connors and C. O. McLean were made tellers, and they counted the ballots after J. P. Baker's motion that an informal ballot be taken for treasurer, was carried. When they finished the secretary announced that Haselton had 45, S. A. Chase 23, C. C. McLean 6 and Martin Dunn 1.

John McKeigue's motion that the informal ballot be made formal was adopted and Mr. Haselton was declared the nominee. He was then called upon to speak and said that while he thanked the convention, he must decline. Mayor Faines and Alderman J. B. McLean protested, and the declaration was not accepted.

Scramble For Commissioner.

An informal ballot for street commissioner gave John Harvey 35, William Meggott 11, Washington Barriaga 8, J. S. McGowan, 6, Chas. G. Ebert 5, August Lutz, O. Behfeld, Patrick Ryan, and M. Buobone each. J. S. McGowan withdrew in behalf of Mr. Harvey and he was declared the nominee.

Horace McElroy got 47 of the 75 votes on the informal ballot for city attorney, C. O. Russell receiving 21 and F. C. Burpee 7. On Mr. Russell's motion the ballot was declared formal and Mr. McElroy was declared the nominee.

J. J. Cunningham was nominated as justice of the peace by acclamation as was also P. J. Mount for school commissioner at large. Mr. Mount seemed to be in demand, for scarcely had he been declared the nominee for the office of school commissioner when some one thrust the honor of chairman of the city committee on him.

Mr. McElroy was then called upon and made a speech in which he stated that he expected to be re-elected, etc., and promised his best efforts. His remarks were greeted with applause and adjournment was then taken.

John Harvey, the nominee for street commissioner, is also the candidate for supervisor in the Third ward, which nomination he will probably relinquish.

Nothing Like Asking.

"I was on a stage that runs up through Napa county a few days ago," said Attorney Martin Stevens, "when I passed a farm house with a half dozen boys playing about the yard. Outside the gate were a half dozen fat pigs with tin cans tied to their stubby tails. The cans were filled with rocks and rattled like cowbells every time a pig moved. The porkers stood glaring at each other while trying to make up their minds whether to run and squeal or stand still and grunt.

"Why do they put weights on the pigs' tails?" inquired a young Englishman, who was going up into Lake county to learn ranching.

"To keep 'em from runnin' all the fat off themselves," explained the stage driver.

"Oh, ya-a-s; novel idea, by Jove," exclaimed the Britisher.

Just then we passed a couple of dogs that were trying to gnaw the tin cans off their tails.

"But why do they put the weights on the dogs' tails?" asked the Britisher, who suspected the driver of lying.

"Why, to keep 'em from chasing the hogs, of course."

"He was satisfied that he had much to learn about ranching."—San Francisco Post.

The Venetians absorbed all commerce for five or six centuries, from the year 1000 until 1600; they had the Hanseatic league as rivals. The Dutch republic, with its civil liberty, for two centuries transferred the trade of the world to Holland, but about the middle of the eighteenth century the energy and perseverance of the English supplanted the Dutch.

## STORE LOCKED UP BY THE OFFICERS

CONTINENTAL CLOTHING CO. DIDN'T LEAVE TOWN.

Chief Acheson Heard They Were to Go Away Saturday Night Without Paying License and Got An Attachment—Case of Interest to Merchants.

The Continental Clothing Company did not leave Janesville with their goods on Saturday night, as they were said to have planned to do, for Chief Acheson barred the way.

Consequently John Brown took up his abode in the store and made it his headquarters all day Sunday.

It came to the chief's ears on Saturday night that the clothing company intended to leave town after midnight, when no papers could be served on them owing to the fact that it would then be Sunday. The city of Janesville has an ordinance in force requiring that all transient merchants pay a fee for the privilege of doing business in this city unless the shall remain one year. The company and not been in Janesville very long, so when the chief learned that they were about to go, he called on them to collect the bill.

Turnkey Griffey was hurriedly summoned; City Attorney McElroy was called from the democratic city convention just as he had been re-nominated and the machinery was put in motion.

Attachment Was Filed.

The city attorney at once drew up an attachment which was given to the officers, and they went to the store.

"But we simply represent the company," said one of the men, "we are not their agents."

"And I simply represent the city of Janesville," said the chief of Police, "I am not the agent of the city. Therefore you and I need have no trouble; let the company and the city of Janesville fight it out."

The papers were then served on the managers of the store, and John Brown was put in charge.

The case will be a test of the ordinance, and the outcome will be awaited with interest by all the local dealers. Chief Acheson said Saturday night, that if anything was due the city from the firm, that he proposed to collect it.

## MANY THOUSANDS

Vitally Interested in the New Discovery.

Whereby Nine-Tenths of the American People Will Be Benefited.

### A Brief Account of It.

A man or woman with perfect digestion, the result of a healthy stomach, has no need of a nerve tonic to bring sleep, nor sarsaparilla to purify their blood, nor cod liver oil and pre-digested foods to make them fat. Why? Because a sound stomach perfectly digests the food, making pure, rich blood, steady nerves, and sleep and all the healthy flesh a person needs to carry.

Dr. Bostwick recently stated that anyone out of health, nervous, sleepless, run down in flesh, with poor appetite, not knowing just what was the matter of them, should look to their digestion, to the stomach, and there would find the secret of the whole trouble. He says nine out of ten will have no nervous troubles, no impure blood, no weakness anywhere when the digestive organs do their work properly. To cure indigestion and dyspepsia he never advises "sarsaparilla," "stomach bitters," "pre-digested food," or any other secret patent medicine. He says the best thing, the safest and surest cure is Stuart's Dyspepsia Tablets, because they are composed of vegetable essences, fruit salts, pure pepsin and bismuth and will cure dyspepsia in every case if taken persistently and regularly. Some of the cures made by Stuart's Dyspepsia Tablets are little short of miraculous.

Mrs. Charlotte Lane, of Ransomville, N. Y., writes: "I have taken only one 50-cent package of Stuart's Dyspepsia Tablets and an almost astonishing at results. They have benefited me so greatly, I have always understood that dyspepsia was incurable, but now know it can be cured, for I am fully satisfied with what they have done for me. I can eat and enjoy my meals a great deal better and feel better in every way and have only used one package."

Mr. J. O. Wondly, of Peoria, Ill., writes: "I was unable to eat anything but the plainest food, and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want."

Mrs. Samuel Kepple, of Girty, Pa., writes: "I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them."

Mrs. A. E. Bowen, Barnard, Vt., writes: "I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was."

Although a new remedy, yet its remarkable success in all kinds of stomach troubles has practically settled the question that it is the best and safest remedy that can be used for weak or disordered digestion.

It is prepared by the Stuart Chemical Co., Marshall, Mich., and for sale by druggists everywhere at 50 cts. per package, thus placing it within the reach of everyone wishing to give a remedy so highly commended a fair trial.

Remember you can

get it at the body's shop or if you cannot find it at the body's shop, you can get it at the body's shop.

## PURIFYING CAMPAIGNS.

The bill introduced in the Ohio legislature by Senator Garfield to prevent the corrupt use of money in elections, primary as well as regular, is now a law. Candidates are limited to an expenditure, for personal expenses only, of not more than \$200, and of \$100 if but 5000 votes are concerned. The law will at least enable candidates to gracefully ignore some of the demands made upon them.

## DEATH ENDS EARTHLY WOES

Mrs. George F. Lane.

A telegram announcing the death of Mrs. George F. Lane, was received by W. G. Palmer this morning. The death of her husband occurred some two months ago. Mrs. Lane was a resident of Janesville for many years, and won for herself a place in the hearts of a large circle of friends. She removed to South Dakota some six years ago and soon afterward was afflicted with total blindness. The family removed to Austin, Illinois, early last fall, hoping to be benefitted by medical skill in Chicago, but disease was too far advanced and death claimed both Mr. and Mrs. Lane as victims.

Mrs. Lane was a woman of rare Christian character and strong personality. She was a life long member of the Methodist church and an active worker. Her son, Eugene P. Lane is the only surviving member of the family. The remains will be brought to Janesville for burial at 12:40 o'clock tomorrow and services will be held at the grave, the procession leaving the depot at 2:30 o'clock.

Almyra French Thomas.

Almyra French was born in Amsterdam, N. Y., August 17, 1816. Daughter of Mary and Joshua French. She moved to Illinois in 1841; was married to Mallinna Thomas in 1843. For fifty-three years she has nobly fulfilled the duties of wife and mother, finding always her greatest joy in the service of her home. She was mother to six children, three of whom remain to cherish her memory and to emulate her virtues. Her faithful husband still lives at the ripe old age of eighty years comforted in his sorrow by the loving sympathy of many friends. The funeral services were held at Crystal Lake and the burial was at Algonquin near the place where her more than fifty years of married life was lived. V. E. S.

A card on the outside of office door says: "Gone to lunch. Be back in ten minutes." And, the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no case of biliousness, constipation, indigestion, "heart-burn," or any of the rest of the night-mare breeding brood, that these little "Pellets" will not cure. They cure permanently.

## GOLDIN'S BRAVERY WINS HIM A MEDAL

### DISTINGUISHED GALLANTRY AT THE BIG HORN.

General Doe Sifts Out the Facts in the Case and Comes to Janesville With a Medal of Honor, Presenting It in the Name of the President.

Before a court-room full of people there was pinned to Col. T. W. Goldin's breast today a bronze medal inscribed:

The Congress  
PRIVATE THEODORE W. GOLDIN,  
of Troop G, Seventh U. S. Cavalry,  
for most distinguished gallantry  
at the Little Big Horn  
River, Montana, July 26, 1876.

Gen. J. B. Doe, assistant secretary of war, presented the medal in the name of the president of the United States.

To Col. Goldin the whole thing was a surprise. He knew nothing of the medal. He had almost forgotten the Little Big Horn.

The fact that he went down the face of a Big Horn bluff under the fire of 2,500 Indians to get water for wounded comrades never struck him as a fact worth talking about anyway.

He was called to the municipal court this afternoon as witness in a picture frame case. Clerk Williams swore him and Gen. Doe arose to examine the witness. One or two questions identified Col. Goldin as Private Goldin of Custer's fighting Seventh. Then he told the court briefly of that blistering summer day in 1876 when Gen. Reno's command lay on a Big Horn bluff besieged by three thousand Indians. The fearful thirst of wounded soldiers under the blazing sun was pictured and the readiness with which Private Goldin, then a raw recruit, volunteered with three others to go down the bluff with a big camp kettle for water. All four came back but the camp kettle, which the four dragged between them pierced with bullets. Had it not been for canteens slung about their shoulders they would have brought back no water.

Long ago the other three men in the party were decorated by congress. Col. Goldin's modesty prevented the details of his achievement to be known, but his comrades were not content to let him remain in the background.

Gen. Doe's presentation speech, reviewing these facts, was brief but eloquent. Col. Goldin's response was full of feeling. He disclaimed credit for bravery, owing however, that of all the medals within the gift of the United States this was the one he should most dearly prize.

His friends and associates surrounded him as he left the witness box and overwhelmed him with congratulations.

## HE WANTED TO WED ONE OF HIS OWN KIN

### GREAT GRANDDAUGHTER WAS TO BE BRIDE.

Man Who Has Resided Near Edgerton For Years Has Queer Ideas on the Subject of Matrimony—Justice Green Refused to Perform the Ceremony.

Justice C. R. Green of Albion, was greatly surprised when Andrew Ames, a well known character of the vicinity of Edgerton for years, came to his office leading one Hattie Dimack by the hand and asked that the matrimonial knot be tied between them. The justice did not exactly like the May and November aspect of the proposition and began to examine into the pedigree of the parties, where he made the remarkable discovery that the former wife of Ames was the great-grandmother of the expectant bride. This reduced the problem to the plain proposition that Ames wanted to marry his great granddaughter. This was a mixing up of consanguinity to such a degree that the justice drew the line and refused to perform the ceremony.

## ON HIS OWN WORDS HE GOES TO JAIL

### OLE J. OLESON CONFESSES TO BURGLARY.

Two Years Ago He Robbed Kammer's Market But Supposed the Police Had Forgotten—Acheson Recognized Him at the Depot Saturday Night and Gathered Him in.

Ole J. Oleson relied too much on the short memory of Janesville police. Nearly two years ago—November 7—Kammer's meat market in Monterey was robbed.

Max Grampke who lived over the market lost clothing, cash and a gold watch chain. Julius Beeze lost considerable clothing. The plunder amounted in all to about sixty dollars.

There was no clue to the thief except that a suspicious looking stranger named Oleson had been around town that night. Oleson had just come back from Waupun, where Sheriff Babcock had taken him on a three years' sentence in 1890.

Chief Acheson had all but forgotten about the robbery when he saw a man at the depot Saturday night whose face seemed familiar. He scraped acquaintance with the man, and remarked amiably:

"You haven't been around here for two or three years have you?"

"About that," said the stranger. "You did that Monterey job in pretty good shape," the chief suggested in the most matter-of-fact way possible.

It was a chance shot, and the chief watched its effect. Oleson grinned painfully.

"So you caught on?" he said. "Well, I suppose the game is up."

Acheson took him to jail, where a full confession was made with Sheriff Appleby, Turnkey Griffey and Officer Hogan as witnesses. Oleson lives in Woodstock and was educated in the reform school.

Mrs. M. E. WOODSTOCK's spring opening will take place on Wednesday, April 1, continuing Thursday, April 2. The first view of spring millinery at this store is an event to be looked forward to. Hundreds of trimmed hats and bonnets await your coming. Very little money does the buying. Come and judge for yourself.

SPRING activity is very noticeable in the millinery department. The past week has been a busy one and every indication points to the usual generous business with which this department is favored. Within a day or two, probably Wednesday, the center window will display Janesville's representative line of ladies' headwear, and to gain the correct idea of what is proper it will be necessary for you to see this showing. A large number of pattern hats of Miss O'Neill's selection will add interest to the collection, which, as always, will be the finest in town. Three of our trimmers, the Misses McKeligue, Scofield & Keating, have been in Chicago the past three weeks in the pattern rooms of the wholesale houses and the department is well prepared to take care of orders promptly and efficiently. ## POTTERY COMPANY IS ENJOINED

Edgerton Concern Making the Porous Body For a Water Filter.

The Edgerton Pottery company has received notice to appear before the United States court at Madison to answer to an application for an injunction restraining the pottery company from manufacturing the porous body for a water filter which the company have been making on an order for H. Geissel & Co. of Chicago, manufacturer of the field filter. It is claimed by the parties asking for the injunction, the Patent Filter Company of Dayton, Ohio, that they are owners of patents covering all filters using porous clay bodies of every description or composition, and that all filters of similar arrangements are infringements. Instead of commencing this action against the Chicago concern who put the filters on the market, they have brought the suit against the Pottery company, which simply makes one portion of the filter.

## BOLT FROM HEAVEN DID FATAL WORK

### ALFRED BINGHAM KILLED BY LIGHTNING.

His Employer's Barn at Fulton Had Been Fired By a Flash, and When He Rushed out to Fight the Flames He Was Stricken, Dying Instantly.

A bolt from heaven did fatal work in the town of Fulton, during the storm of Saturday. The dead:

BINGHAM, ALFRED, farmer, aged twenty-five years.

Bingham was employed on the David Johnson farm in the town of Fulton. During the storm a bolt of lightning struck the barn and set fire to it. Bingham rushed out to fight the flames, and an instant later he lay cold in death. He had just reached the flaming edifice when the strike came. Its force rocked the earth, and the air was filled with a sulfurous sulphurous odor. People saw Bingham collapse and hastened to his assistance, but he was dead before they reached him, the work of the bolt having been done instantaneously.

Bingham lived at Richland Center and was married, but whether or not he had a family is not known.

The remains were put in charge of an undertaker at once, and today they were shipped to the home of the dead man.

## ROBS SCHOOL MAIL TO GET THE STAMPS

### THIEF INFLECTS LOSS ON VAL- ENTINE BROTHERS.

He Rifles Letters Containing Remittances From all Parts of The Country and Throws the Valentine Book Department Into Confusion—Many Letters Reported Missing.

A mail thief who has been at work for three months has put Valentine Bros. book department in confusion. Complaints have been coming in since early in January. This month they have come on every mail.

Valentine Bros. publish a telegraph text book which they use in their school and which they sell in large quantities at 50 cents a copy. Orders came from every state in the union accompanied usually by fifty cents or one dollar in stamps.

Ever since January 1 correspondents have complained that their remittances have not been acknowledged. One man sent a dollar in stamps twice, his letters dropping out of sight somewhere on the road. Twenty letters are known to have been lost in February. The number lost in March has been much larger.

"The worst of it is that we can't tell how many ordinary business letters have been opened and destroyed too," said A. M. Valentine this morning. "Our loss is greater probably in this way than in the other. We complained to the authorities some time ago, but it seemed impossible to catch the thief."

**Outwitted the Footpad.**

Dr. Brown, of St. Louis, was walking home late one night when he was accosted by a footpad.

"Gimme your money," said the thief.

As quick as thought the doctor turned and in an offended tone said:

"What are you doing over here? Go on the other side of the street. I'm working this side myself."

With a muttered apology for his breach of etiquette, the would-be robber vanished in the darkness.—Pittsburgh Dispatch.

"Well," he said, "what do you say?"

"Taking the tickets, sir."—Buffalo Times.

# HO! FOR MISSOURI.

There is certain to be a decided activity in the sale of Missouri farms this year. During the last six months inquiry for improved farms in Missouri has been greater than ever before. There is no part of the West where more inviting prospects abound for the farmer, and but for the hard times all over the country there would be an actual boom in Missouri. The farmer who is looking for perpetual summer and never failing deposits of moisture, and other Eden-like conditions, which everybody would like to have, will search in vain for those conditions, but if he will stop in Missouri and settle down to business he can approach nearer to his ideal than he can anywhere else in the Union. It has been the experience of Missouri farmers, that they have had as many blessings of Nature and as great a degree of prosperity as those of any other section of our great country. Missouri no longer turns the cold shoulder to home seekers. There is not a nook or corner of the state where the security of property, now, is not as well assured as in any other state in our land. Taxes are generally very low, and very much lower than they are in Wisconsin. Political opinions are no bar to the enjoyment of every right of citizenship. Sure crops, ample transportation for all products of the soil, convenient markets, cheap fuel, mild climate, abundance of timber of all kinds, pure water, nutritious grasses, blue grass pastures, and above all her vast crops of all kinds of fruits are among the advantages to the farmer. No state or locality leads MISSOURI in the production of fine fruits. Not even France or Spain, with their vast vineyards, have any advantages over Missouri in fruit-growing. In four years' time we have sold over \$300,000 worth of improved farms in Missouri. We are now prepared to sell improved farms, in thickly settled locations with lands as good as any in Wisconsin, at from \$20 to \$40 per acre. We can furnish excursion rates to Macon, Mo.  
We have A MOST BEAUTIFUL FARM of 800 acres right at a station of 3000 inhabitants on the Santa Fe railway, in Lin Co., for sale at \$35 per acre. The buildings and improvements on this farm cost over \$12,000. Can give time on two-thirds of price at six per cent. interest.

The following instructions are given for the information and guidance of voters:  
A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, the voter must enter a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross, X, after the name of each person he desires to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot is spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes after the polls are closed, no ballot will be received in a booth to mark ballot. Unofficial ballots or memoranda, to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place.  
A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:
